

CODE	ENGINEERING	DURATION
ENG001	Aluminum Construction, Installation & Repair	2 weeks
ENG002	Carpet and Tile Installation	2 weeks
ENG003	Clark Repair, Mending & Plastering	2 weeks
ENG004	Clip Roof Installation & Maintenance	2 weeks
ENG005	Drywall Installation	2 weeks
ENG006	Locksmith Training	2 weeks
ENG007	Suspended Ceilings Installation & Repair	2 weeks
ENG008	Workshop Health & Safety Training	2 weeks
ENG009	Working with Machines	2 weeks
ENG010	Swimming Pool Construction, Maintenance & Repair	2 weeks
ENG011	International Financial Reporting Standards Updates	2 weeks
ENG012	Tank Farms Operations & Maintenance In Oil And Gas	2 weeks
ENG013	Renewable Energy Systems Selection, Design, Costing & Application	2 weeks
ENG014	Planning & Design Of Electrical Distribution Network	2 weeks
ENG015	Circuit Breakers & Switch-to-Gears Inspection, Maintenance, Design, Repair & Troubleshooting	2 weeks
ENG016	Technical Report Writing & Presentation Skills For Engineers & Technicians	2 weeks
ENG017	Management & Financial Skills for Engineers & Technical Personnel	2 weeks
ENG018	Fault-Finding Techniques In Electrical Power Systems	2 weeks
ENG019	Electrical Safety & Auditing	2 weeks
ENG020	Supervision, Metering & Measurement	2 weeks
ENG021	Electrical Safety & Auditing	2 weeks
ENG022	Embarkment, Dam Engineering & Safety	2 weeks
ENG023	Reliability & Operational Performance of Electric Power Systems	2 weeks
ENG024	Design Criteria in Instrumentation Engineering	2 weeks
ENG025	Process & Mechanical Engineering Essentials	2 weeks
ENG026	Process Equipment & Piping Systems	2 weeks
ENG027	Solar PV Plant Maintenance & Operations	2 weeks
ENG028	Heating, Ventilation & Air Conditioning (HVAC) Systems Techniques	2 weeks
ENG029	Applied Digitalisation for Oil & Gas	2 weeks
ENG030	Facilities Mgt in the Water Sector: Liquid & Solid Waste Treatment	2 weeks
